10 THINGS YOUR TEEN WILL THANK YOU FOR

William L. Coleman

This book encourages parents not to be shortsighted as they raise their children. Teenagers bewilder, challenge, satisfy and sometimes break parents' hearts. During these times, parents yield to the pressure of the immediate, spending a great amount of time, energy and money on supplying things and experiences that ultimately their children find of little value. But how can a parent sort through all the requests, demands and ideas to discover what is really lasting and important?

GOOD HEALTH PRACTICES FOR THE FAMILY

----Dr. Sushila Fonseca

The healthy state of the family as a whole requires that each member understand not only what is good for him/her but also how and why it is necessary to adapt or modify their life-style for the well being of the other young or old members. This book, written in a question-answer format, is intended for all the family members, young and old to read. Having understood the basic precepts of health care, they can help one another to implement them and so enjoy a better quality of life harmoniously together.

365 INSPIRING THOUGHTS FOR THE YEAR

Denis G Pereira & Frank Vaz

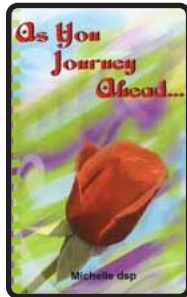

This book intended to be an invitation to the celebration of life.

Great is the overflow of Divine Love which is never still but ever ceaselessly and tirelessly pours forth, so that our little vessel is filled to the brim and overflows. If we do not choke the channel with self-will, God’s gift continues to flow and overflow.

2006 392p Rs.90.00

AS YOU JOURNEY AHEAD.....Michelle dsp

Thoughts to guide and encourage on the journey of life.

“Life is beautiful. Let’s live it to the full.”

This book reminds about the five simple rules to be happy:

1. Free your heart from hatred
2. Free your mind from worries
3. Live simply; 4. Give more; Expect less

2006 38p Rs. 25.00

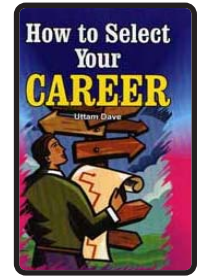

HOW TO SELECT YOUR CAREER

Uttam Dave

Selecting a career is one of the most important events in life. Unfortunately, the way we select our careers is far from satisfactory. It lacks a scientific basis.

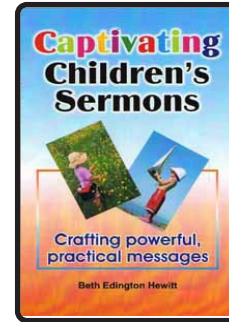

This book provides a scientific logical and simple way to select your career. It takes into consideration all the factors that go into making your career much in the way that you select certain ingredients for a particular recipe.

WHY FORGIVE? ...

Johann Christoph Arnold

“Hurt” is an understatement, actually, for many of these stories deal with the harrowing effects of violent crime, betrayal, abuse, bigotry, and war. But Why forgive? Examines life’s more mundane battle scars as well: the persistent hobgoblins of backbiting, gossip, and strained family ties, marriages gone cold and tensions in the workplace.
